

Learn to recognize the signs of stroke

Act FAST

and help save lives

Face

Can the person **smile**, has his/her mouth drooped?

Arms

Can the person **raise both arms**?

Speech

Can the person **speak clearly** and **understand** what you're saying?

Time

Act FAST. Get help. Every second counts.

Any one of the above could be a symptom of stroke.

Act FAST, because receiving treatment quickly is vital for surviving a stroke.

October 29th
is World Stroke Day
